

Practical 23 – Hotel Room Allocation System

Name: Dhriti Gali

Roll No.: 23

Subject: Art of programming

Practical No.: 23

ALGORITHM

STEP 1 : Start

STEP 2 : Read Customer Name, Number of Days and Daily Budget

STEP 3 : Determine Room Category

 If Daily Budget < ₹2000 Then
 Assign Standard Room

 Else If Daily Budget < ₹5000 Then
 Assign Deluxe Room

 Else If Daily Budget < ₹8000 Then
 Assign Executive Room

 Else
 Assign Luxury Suite

STEP 4 : Calculate Room Rent

 Room Rent = Number of Days × Daily Budget

STEP 5 : Calculate GST

 GST = Room Rent × 12 / 100

STEP 6 : Calculate Final Bill

 Final Bill = Room Rent + GST

STEP 7 : Display Customer Name, Room Category, Number of Days, Room Rent, GST & Final Bill.

STEP 8 : Stop
